

Continental Advisory Services (“CAS”), incorporated in March 2002, is a leading accredited investor of debt and equity capital to middle market public and private companies with TEV up to \$500 million. With over \$10 billion in available relationship assets under management, our flexible approach enables us to offer a broad array of investment structures. We partner closely with our valued sponsors to understand your funding needs and develop financing solutions to meet your specific objectives. In November 2016 CAS created its special purpose subsidiary, **Urban Logistic Advisory Service, Inc (“ULAS”)** to deploy proprietary integrated engineering and 3PL strategies in the energy, TMT, Aerospace, and Industrial sectors. Our dedicated investment team has extensive experience in investing through a variety of economic cycles. We pride ourselves in our ability to deliver on transactions with speed and creativity, and remain committed to building long-term relationships that support the growth of your business.
